

## **AABC CABA Update**

After 50 years of productive and competitive baseball, the Blair Connie Mack League will cease operation this coming season. The following details the leagues that will be in force during the 2012 season.

Each league will earn one berth to individual state tournaments for every six teams registered in respective divisions. Registration fees required for 2012 leagues will include a National Registration Fee of \$30 per team and a State Registration Fee of \$10 per team. In addition to National and State Registration Fees, Teams and/or League Directors interested in participating in 2012 State Tournaments, will be required to pay a \$600 tournament fee in order to secure a spot. Tournament fees will be used to offset all expenses associated with said tournament.
